Brushes

Colors

Black!

The main canvas of the Tux Paint application shows a drawing of a boy's face with brown hair and a blue eye. The interface includes a 'Tools' palette on the left, a 'Brushes' palette on the right, and a 'Colors' palette at the bottom. The 'Colors' palette has a 'Black!' label under the first color swatch. The Tux penguin logo is visible in the bottom left corner of the window.
